"WE'RE REALLY ONLY BEGINNERS, but one day we'll all be winners", so said Robbie Glen in an ode to the Carmel Middle School sixth annual science fair held recently. A vast number of subjects were covered by science students who participated in the event. Standing before the sign leading to the fair are left to right, Bob May, Brad France, Kathy Draper and Leigh Ann Cecka. Story on Page 2.

RECORD THRONG AT LAGUNA SECA RACES

ED LESLIE, one of the top local driver, finished third in the Formula B&C race at Laguna Seca over the week-end. He is shown here relaxing after the race with Harry Snow and his daughter, Terry Snow.

The races at nearby Laguna Seca attracted a record crowd of over 28,000 racing fans over the weekend.

Top winner was Sam Posey of Sharon, Conn., who drove his Eagle Chevy to first place money of $4850 in the feature 100-mile Continental Championship race.

Science Fair at Middle School shows genius of children

A gathering of proud parents and just plain interested citizens visited the Carmel Middle School sixth annual Science Fair where the inventions of young imaginative minds were on display.

A wide choice of topics was selected by the fifth grade with Cal Bordonaro choosing the "Human Eye vs. Cat Eye", George Gregory and Mark Smith showing "A History of Firearms", and Leslie Forzani, "What is the Growth of a Marigold".

How fast mice grow, mature and reproduce was told by Leslie Drew in the sixth grade science project. Kim Thigpen and Mollie Drake chose to ask "Are You Superstitious?"

Among the seventh grade projects were those of Gary Ricupero who asked "How Fast Can You Build a Model Airplane?", and Sally Bennett and Shawn Brandt who showed "Which Breed of Peas Produces Fastest".

Eighth graders John Gardner and Jim Morris studied trees in Corral de Tierra and Carmel Valley to see if they were the same type.

It was a great fair and just loaded with projects!

EVERY BIT A QUEEN, Norma Foster, has the regal look, and the winners at Laguna Seca Saturday and Sunday not only won a trophy but a loving kiss from Queen Norma.

EDITORIAL

Yes, it is different

If your Outlook looks a little bit different, there's a reason.

In our continuing effort to give you the best little paper possible – to try to equal the nature of our beautiful Valley – we are now printing the paper on better quality paper (it's whiter and smoother).

And we have, at the same time, enlarged the paper from a 5-column format to 6 columns. This will enable us to make up the paper more attractively, and enlarge the space available on each page.

As the 'Picture Newspaper' in the Monterey Peninsula area, we will continue to the best of our ability the photographic coverage of our interesting Valley with its interesting people. And our pictures will be even more beautifully reproduced. With a photographer available for almost anything and everything, we will keep our paper – and yours – as fascinating and readable as possible.

In George T.C. Smith, we are fortunate to have a fine photographer who knows the Valley as well as anyone.

And we will continue to try to make the news more interesting, and to do our part in keeping the Valley the beautiful place that nature intended.

PERSPECTIVE

THE TOWN CRIER

By Rosemary Clifford

OVERWORKED AND UNDERPAID and everyday is Mother's Day! Some like it because they have a pancake breakfast at the Community Chapel, and others don't because it is too commercial. Some cotton to it because they get to see their families, and some don't because they have to cook a huge dinner for all of them. Others like breakfast in bed, while others find it lonely.

Anyway, however you like it, she's QUEEN FOR A DAY.

***

THE MIGHTY OAK FELL: The tree had been dead for some time, and blocked the view of the Valley Road from the Bank of America parking area. After the decision to cut it down was made by the road commission, there were many channels for the order to funnel through before reality.

Monday the tree surgeons with equipment arrived and in very little time had removed it.

VIP UNITED NATIONS correspondent, Pauline Frederick, visited the Valley Sunday and like many before us was overcome with its beauty.

She was the luncheon guest of Mr. and Mrs. Edward F. Burke of Country Club Drive, having been a friend of long standing of Mrs. Burke when they both worked at NBC 25 years ago. Other guests were neighbors, the Rudolph Alts.

Miss Frederick was recently married in the West Indies to Charles Robbins, vice-president and executive manager of Atomic Industrial Forum.

She says she will be back looking for a house, and we hope she does!

ABOARD THE SS MONTEREY: "It's a small world department".

Making the South Pacific Cruise as pleasant as possible for Mr. and Mrs. J.F. Murphy of Carmel (Murphy's Lumber Yard) is Master of the vessel, Captain John R. Caldwell, former Valley resident, and Donna Hamilton, Yeomanette (secretary to the Chief Steward), present Valley resident.

IN LEOTARDS: Senior citizens, middle age, and youth doff the uniform and join Yoga for Heath, Richard Hittleman's class at the Sunset Auditorium. The class boasts of several 80-year-olds that actively join in the postures and meditations of the cult.

Anyone wishing to limber up for the next class June 2, is asked to call 659-4552.

***

RATTLESNAKES: We mentioned last week about the first reported rattlesnake of the season. Well, Mrs. Fran Libby called to say that she found one even earlier, in fact, more than a week earlier. A plump 36-inch specimen, no less, with 8 rattles and a button. She lives in Hitchcock Canyon, and these unpopular specimens are not unknown in that area. Mrs. Libby says she has killed 5 others since last October.

CANDIDATE: Support from our local supervisor, Willard Branson, helped put over Bob Wood of Greenfield as the Republican candidate in the special assembly election to fill the vacancy resulting from the untimely death of Alan Pattee. Wood, the south county supervisor and an apricot grower, emerged the winner at the Republican caucus Saturday. The Democrats are yet to hold their caucus. One of the top favorites: former State Senator Fred Farr of Carmel.

BERT RUDOLPH, JR., is also a declaired candidate for the assembly, and apparently isn't concerned about the GOP party endorsement; the Carmel Highlands Republican is pursuing an independent campaign.

TO THE EDITOR

Dear Editor and Valley Neighbors:

Saturday afternoon at Carmel Valley Little League Field was sunny and warm, with beautiful newly washed green hills behind the field; stands and playing field were in good shape; the Snack Shack was dispensing "goodies"; the teams, managers, coaches and umpires were all doing their bit –but where were the rooting fans? The few, who attended, sat on their hands, muffled their voices – didn't even throw a paper cup at the Umpire!

Oh, come on now, – parents, sponsors and just interested by-standers – let's get behind this worthy effort – ATTEND AND ROOT!!! It will give you a shot in the arm, and will help to give encouragement to the youngsters who will soon be facing the grim world of today.

Sincerely,
Ruth W. Stowers

P.S. – Due to my procrastination, a week has passed, and this letter was not mailed. Since writing it, the Outlook published an open letter to Little League Parents, written by Mary Thystrup. Another Saturday has passed, and although it was a miserable day, weatherwise, the teams were playing their hearts out, and I am happy to say that there seemed to be a few more people in the stands. Keep coming and you will have the "Happy Memories" mentioned by Mrs. Thystrup. My husband and I have them. We have watched our son from Little League on up the ladder, and now we are proud to have him coaching one of the above mentioned Little League teams.

Invest your time in our youth. Believe me, it pays big dividends!

Dear Sir:

On April 17, 1969, at the quarterly general meeting of the C.V.P.O.A. held at the Community Center, the primary topic of discussion was the action to be taken to protect the hillsides by regulating development and construction. This was considered of utmost importance because the winter rains had convincingly demonstrated the disastrous results when man tampers with its balance. A moratorium was sought on hillside building, and Mr. Branson promised that he would look into the feasibility of temporary measures until a full review of the problem could be made.

Scheduled for hearing by the Board of Supervisors on MAY 13TH is adoption of a temporary ordinance limiting hillside construction to a 2-1/2 acre minimum.

The C.V.P.O.A. encourages interested residents of the Carmel Valley to either write to the Board of Supervisors or attend the May 13th meeting of the Board to make their views known.

Sincerely,
ROY KAMINSKE
President,
Carmel Valley Property Owners Assoc.

Encl. ltr to Mr. Willard Branson

Mr. Willard Branson, Chairman
Monterey County Board of Supervisors
Salinas, California 93901

Dear Mr. Branson,

The Board of Directors of the CVPOA commends you, Mr. DeMars and members of the Planning Commission and the Board of Supervisors for your direct and positive action in establishing methods for regulating the development of and construction on hillside areas in the Carmel Valley. If there is any way we can be of assistance in furthering this highly desirable objective, please let us know.

This organization has previously gone on record as supporting a slope density formula based on the Spangle Report and continues to support that position with willingness to consider an equivalent or more restrictive alternative.

As you are aware, this Board and, we believe, most other residents of Carmel Valley have as another immediate objective the abolishment of the G-zone commercial classification which has been applied to much of the property in the Valley. We would like to prevent any further land speculation and development pressures which have been encouraged by such zoning. At the same time we do not desire to unfairly penalize those speculators or resident landholders who have been invited to anticipate higher land values by the unwise application of the G-zone to Carmel Valley properties. We recognize the responsibility of this organization which promoted this classification originally.

As one means of equitably deleting the G-zone classification, we request that you consider the following:

Let the Board of Supervisors announce the intention that as of January 1, 1970, the G classification will be removed and schedule the required hearings and other procedures to accomplish this. Let the announcement also stipulate that those property owners who anticipate applying for use permits for commercial uses permitted under the G-zone should do so as soon as practicable. Such applications will be procedurally considered as they have in the past and granted or denied on the basis of merit. Further, let the announcement indicate that subsequent to January 1, 1970, commercial uses of property can be accomplished legally when warranted by means of a request for rezoning.

With the G classification deleted, necessary or desirable commercial uses can still be permitted through re-zoning. But most importantly, the major encouragement to speculative purchases and development plans will have been removed.

In conclusion, we recognize that in some respects the Carmel Valley Master Plan needs updating. However, the intent of that plan remains valid. The highest priority objectives now are to enact into ordinance the clear objective of the plan. If after having done this, your present review committee has constructive specific recommendations for modification of the plan well and good. At the present time, the paramount goal should be to codify those elements of the plan with which we all seem to agree. Revision if necessary can wait.

Very truly yours,
ROY KAMINSKE
President, CVPOA

MANY HURT IN RASH OF CARMEL VALLEY ACCIDENTS

The Volunteer ambulance crew of the Carmel Valley Fire Department responded to five calls this week, with a number of accident victims requiring hospitalization.

An accident Sunday near the Tularcitos Fire Station hospitalized Joseph W. Souza, Jr. who was taken to the Community Hospital by Red Cross ambulance. His passenger, Kathleen Birch of Salinas, received minor injuries and refused hospitalization.

The Souza car crashed head-on into a pick-up truck belonging to James H. Graves of Marina, who with his wife Orina and 20-month old son, James Jr., received injuries. Mrs. Graves was given first aid for a lacerated foot and taken to Community Hospital by Red Cross ambulance along with her son who received a possible concussion.

Volunteers responded to a call for a medical emergency for Douglas Jeffry, of East Carmel Valley Road, at the Casa Carmelo. He was treated for shock.

ESQUILINE ROAD

In serious condition at the Community Hospital is Karen Emerson, 25 of Carmel Valley, who was injured when she lost control of a small motorcycle she was driving near Esquiline road on Friday afternoon. The bike skidded in the sand and crossed the roadway to the left and into the path of a car driven by Charity Crane, also of Carmel Valley.

Miss Emerson suffered a broken back and leg. She was rushed to the hospital by Red Cross ambulance.

Josh Feverman who resides on El Hemorro, was given first aid and taken to Community Hospital after an auto accident near the Texaco station last Thursday.

He suffered from head injuries and shock.

RECOVERING

Daniel Leanza, 6-year-old son of Mr. and Mrs. Samuel Leanza of 17 Aliso Road, is home recovering nicely after he was injured last week when his bike collided with a car near his home.

He suffered head and facial lacerations when his bike was overtaken by a car driven by John L. Peters of 28 Aliso Rd. His bike swerved in front of the car according to the California Highway Patrol.

Courtney Wallis Saum of Monterey suffered injuries midnight Sunday when his car ran off the Carmel Valley Road and dropped 25 feet into a wooded area near Rancho Fiesta Road.

He was taken to Fort Ord Hospital for treatment.

ON CARMEL VALLEY ROAD

Flashing yellow warning lights to be installed

Flashing yellow warning lights will be installed on Carmel Valley Road after all.

Bruce McClain, head of the county road department, told a Chamber of Commerce meeting last week that he had reversed his original opinion on the problem.

The warning lights will be installed at each end of the double-curve about a mile west of the Village, where Carmel Valley Road intersects Country Club Drive.

McClain was not entirely convinced that the lights would do any good.

He said that a study has been made of all accidents at this point and came up with these conclusions:

Drinking was a factor in 60% of the accidents.

60% of the drivers were familiar with the road.

75% of the accidents were at night.

60% of the cars involved were exceeding the speed limit.

He suggested that perhaps the curve should be renamed; his suggestion: Bourbon Curve.

While the one-mile stretch of Carmel Valley Road that includes the dangerous curve had the highest accident rate of any other one-mile stretch during 1966 and 1968, it didn't in 1967, he stated.

Regardless, the lights will be up sometime next month.

The real cure for the problem, he added, was to realign Carmel Valley Road. But the road itself has been so controversial that any such realignment isn't even included in the present 5-year plan for improving it.

Two years ago alternate routes were proposed, both to cost about the same. One would have eliminated the curve by a new right-of-way below the curve, one above that would have cut through Rancho del Monte. Both were turned down by the board of supervisors, and all plan lines were at the same time discarded, for the section of the Road from the Farm Center to Panetta Road.

Luann Brown plays 'Judy Holliday' role at Studio

Three favorites with local audiences play the leads in the Garson Kanin comedy "Born Yesterday" opening Friday at the Studio Theatre-Restaurant in Carmel.

Luann Brown who stopped the show as Miss Adelaide in "Guys and Dolls" last winter appears in the Judy Holliday role of Billie Dawn. She has also been seen in "The Boy Friend," "A Funny Thing Happened On The Way To The Forum" and "Hay Fever."

Bob Lotz, whose versatility has been demonstrated in a wide range of parts, plays the rough-hewn Harry Brock to whom Billie is little more than another posession. Lotz has just finished "Ten Little Indians" at the Circle where he also did "Luv". For the Studio his credits include "The Little Foxes," "Barefoot In The Park," "Send Me No Flowers," and "Janus".

As magazine writer Paul Verrall who develops both a professorial and romantic interest in Billie, Rod Allison draws on experience in "The Fantasticks" at the Studio and "The Roar Of The Greasepaint" at the Circle.

Most of the supporting roles are also filled by actors of broad accomplishment. Ed Shinbrot as Senator Norval Hedges continues a long succession of appearances in Peninsula productions, including "A Funny Thing," "Guys and Dolls," "Carnival," "The Odd Couple," "Harvey" and "When We Are Married."

Betty Hughes who plays Mrs. Hedges was active in San Francisco theatre before moving here and has since been seen in "Hedda Gabler," "A Delicate Balance" and "When We Are Married" at the Circle.

Mike Williams as Jim Devery, Brock's supine lawyer, was previously in "When We Are Married" following "Guys and Dolls" at the Studio. Gresh Ivey, Brock's cousin and flunky, was first seen here in "Wait Until Dark" as the sinister Carlino.

Peter Hanson in the part of the assistant manager of the hotel where the action of "Born Yesterday" is set, has previously appeared in "The Best Man" for the Circle and in "Prince of Liars" and "All A Mistake" for The First Theatre.

Making their local debuts this weekend are Monica E. Brueni as the hotel maid and John K. DeSantis as a bellhop.

Under the direction of Dave Kirk, the laugh-filled comedy which ran four years on Broadway, will play Friday, Saturday and Sunday nights through June 21. Reservations for this and following weekends may be made at 624-1661 or 624-2321.

GALE PETERSON AS GLEEP

'Gleep' remains popular

If the title of the current attraction at ACT's Children's Theatre looks familiar to Carmel Valley theatre-goers, it's because your children have probably seen "The Wonderment of Gleep" at White Oaks Theatre.

Written and directed to WOT's Artistic Director Gale Peterson, the show was performed originally here in the Valley some seasons ago, and became part of the White Oaks Theatre Touring Repertory, being performed for school children throughout California.

The success of "Gleep" inspired Peterson to continue his writing efforts, and a sequel to the play "Franklin, the Friendly Ogre" is currently part of the theatre's performing repertory.

The pantomime hero of both productions is the lovable "Gleep", the role being created in the original production by Peterson himself. Long having felt that children's theatre needed a more timely and up-to-date approach, Peterson's plays offer action and dialogue to capture the interest and imagination of today's more sophisticated, television oriented generation of youngsters.

In addition to his playwrighting efforts, Peterson is currently directing the 5-show touring repertory of White Oaks, and planning for the summer season to offer 3 musicals to open in late July.

'Me and Thee' opens at Circle Theatre May 16

Charles Horine's daffy, delightful uproarious new comedy, "Me and Thee" will have its opening night performance May 16 at the Circle Theatre, Carmel, as a presentation of the Community Theatre of the Monterey Peninsula.

"Me and Thee" is a fast-moving comedy with hilarious unexpected comic twists. The plot concerns Alice and Paul Carter, an ultra-conservative couple living in a swank New York apartment. Paul is an architect doomed by an unkind fate to design only bathrooms. His friends call him the "famous Mr. John". Alice, his kooky wife, has been trying for years to get her husband out of the bathroom and at least into the rumpus room.

Roger, their happy hippie son, is a Harvard University student, and is at that uncertain stage in life when he doesn't know whether or not to get up on a soapbox and protest against the world's injustices or throw himself on the floor and kick and scream. He very quickly gets himself involved in a fracas at school. His upset mother and father, not understanding the ways of modern youth, send him to the family psychiatrist, Grant Reeves.

Dr. Reeves sends Roger back to Alice and Paul with a stinging note, stating that their son's behavior is perfectly normal, but that it's Alice and Paul who are nuts!

Stunned, both Alice and Paul, convinced that they are mired deep within the "generation gap", suddenly leap into action and begin to explore their son's topsy-turvy world of the "now people".

This is where the fun begins. Paul, who has a trick knee which is an integral part of the plot, decides to live it up while Alice is away on a short trip. His knee goes awry in Scrafft's bar and he is helped by Lela, a Greenwich Village swinger, who is a wild and uninhibited girl when sober, but a high-minded lady when in her cups. Lela gets Paul home safely, but at an embarrassing moment the wife returns and she immediately suspects the worst. Alice orders Paul out of the house and then proceeds to some high living of her own.

Much to Roger's bewilderment, his very predictable "apple pie Mom and Dad" become a couple of jet-age swingers in one of the most irresistibly funny comedies to come along in years. "Me and Thee" is filled with delightful lunacy and dialogue that sparkles with witty repartee.

President of the Community Theatre, Richard Bragg, has assigned Michael Keller to direct "Me and Thee". Keller's record-breaking production of "Ten Little Indians" will have its final two performances this Friday and Saturday, which is the current play sponsored by the Community Theatre. AssistingKeller will be Ruth Fry as stage-manager; Jean McBride as production assistant; John Morgan lighting and sound technician, and Harry Graham in charge of sets.

After its opening on May 16, "Me and Thee" will play a limited run of only five weeks playing Fridays and Saturdays at 8:30, and an early 7:30 curtain on Sundays. Reservations and group discount bookings may be made now by calling the theatre box office at 624-2669.

Carmel Garden Club to hold Flower Show here Saturday

Spring flowers will take a bow at the annual flower show Saturday at the Tularcitos School under the sponsorship of the Carmel Valley Garden Club, from 1 to 7:30 p.m. in the Multipurpose Room.

All entries for competition except cut flowers and arrangements will be registered and placed in the Multipurpose Room between 7 and 10 p.m. on Friday.

Cut flowers and arrangements must be registered and placed before 10 a.m. on Saturday.

Potted plants, cut flowers and arrangements will compete for awards. The potted plant division will include African violets, begonias, bonsai, flowering shrubs, fuchsias, orchids, geraniums, succulents, herbs, and miscellaneous foliage plants, and plants not listed above. Containers are to be furnished by the exhibitor.

FLOWER ARRANGEMENTS

Spring Song is the theme for the floral arrangements which include seven classifications as follows: Spring Song, interpretation of theme; Spring Fever, vibrant colors; May Day, arrangement in a basket; Lazy Days, serenity; Anticipation, feature rose buds; Summer's Coming, lush and full blown; and Spring's Romance, miniature, not exceeding 5" including container.

Three classifications for junior arrangements are primary grades through third grade, playtime (use of toys as container); fourth grade through sixth grade, Fun and Frolic; and sixth grade through 10th grade, Vacation's Coming.

Reservations for arrangements ends Thursday and may be made by calling Mrs. L.C. Roller, 659-2941.

CUT FLOWERS

If the entries for the cut flowers require containers taller than 10 inches, the exhibitor must supply his own. The classifications for these flowers include almost every spring flower that can be thought of.

An assortment of plants and cuttings will be offered for sale.

Charlotte Kelley is general chairman for the show and will be assisted by Chris G. Schiesswohl, show chairman; Salih Mehdy, publicity; Lucile Chambers, registration; Nan Scott, show secretary; Helen Giem, hospitality, and Hazel Millbourn, judges.

Exhibit chairmen include Don Hickman, cut flowers; Harold Maynard, potted plants; Wilma Roller, arrangements; and Lynn Sims, Commercial exhibits and plant sales.

Two unusual plays to be given at Forest Theatre

Young Artists' Theatre will present "The Face In The Jar" and "War Games", opening Thursday, May 15 at 8:30 p.m. in the Forest Theatre's "Theatre in the Ground", in Carmel.

"The Face In The Jar", written and directed by Ronald S. Guillemette, gets its title from a line in the Beatle's song, "Eleanor Rigby". Colesta Leona as Cassandra, Rick Poe as Al and Dale Diggs as Bill will be featured in this original drama.

"War Games", written and directed by Dave Allen, will be made up of a slide show entitled "I Have A Dream," based on the recorded speeches of Rev. Martin Luther King, and an original one act play. The play, which deals with two wives who bring their war hero husbands to the park every day, will feature Kira Bennett, Kay Walter, Gloria Wheeler, Dale Diggs, and Dean Funk.

"This is going to be an evening of visual theatre," says Allen. "We are going to use slides and music for mood and characterization in combination with actors on stage to enhance the immediacy of both plays."

"The Face In The Jar" and "War Games" will be presented three consecutive weekends, Thursday, Friday, Saturday and Sunday at 8:30 p.m. beginning Thursday, May 15 and ending Sunday, June 1. Tickets will be on sale at the door, $2 for general admission and $1 for students and military personnel.

The Forest Theatre is located at Mountain View and Santa Rita Streets in Carmel.

Gem & Mineral Society

Bert Davis of Monterey will be the guest speaker at the Carmel Valley Gem & Mineral Society's regular monthly meeting on Friday, May 9 at 7:45 p.m. at the Carmel High School's Brey Hall.

Davis will present highlights of the "Joides Expedition" in which he took part. The expedition, which was sponsored by 5 universities and science foundations, was an 18-month trip throughout the world aboard the global marine vessel "Glomar Challenger" to explore the ocean floor.

They gained international recognition when they core drilled the deepest holes in the deepest water ever to date. Davis will bring samples of the cores and some slides of microscopic mineral specimens, to be projected for viewing.

After the program refreshments will be served. Visitors are welcome and for further information, call the program chairman, Mrs. Robert Mullnix at 624-2339.

Garden Thoughts

by Salih Mehdy
of the Oleander Garden Shop

There are no better tomatoes than those which you pick from your own vine. Tomatoes which were harvested a few minutes before preparing your salads are fresh and tasty; you will notice the difference when you compare them to tomatoes which have been held in cold storage. Tomatoes planted in March are already producing flowers. On account of our cold nights, these flowers might not produce fruits. By spraying the flowers with a fruit-setting hormone, these flowers will set fruit and you will have an early harvest.

Be sure to spray the faces of the flowers and not their backs! – follow the instructions. Too much hormone might produce distorted fruit. This hormone can also be sprayed on the flowers of a female holly tree to produce red berries. Mulch your tomato plants with 1-2 inches of leaf mold, aged sawdust or lawn clippings. This keeps the soil moist for a longer time and makes it easy to pull the weeds. Try planting some cherry tomatoes in hanging baskets; they are decorative and practical.

There are radish seeds which produce their crop in 4 weeks. This enables you to have fresh radishes continuously by planting a few seeds every week. It is an easy vegetable to raise and you can instill in your children a love of gardening by letting them plant this crop: they will feel proud when they see their produce on the dining table.

Dust accumulates on house plants. This dust clogs the pores of the leaves, interfering the process of taking carbon dioxide from the air for the purpose of synthisizing starch. Use a wet sponge or fine brush to remove dust, better yet, give the plant a shower now and then with lukewarm water from the sink.

When you take the plant back to its place, be sure there are no droplets of water on the leaves. These droplets act as a lens and can concentrate the rays of the sun and cause burned spots on the leaves.

Iris are now in the peak of their season, and I hope there will be more blooming in your garden, so that you can exhibit some at the Flower Show on the 10th of May, Saturday in the Tularcitos School Multi-purpose room. Part of the iris flower is the ovary whose function is to produce seeds. You may like to grow some iris from seeds.

In this case, let them mature in the ovary and then collect them. Formation of seed demands great energy from the plant. Cut the faded flowers off in order to divert this energy into the rhizomes, when better quality of bloom is wanted, and the formation of strong, healthy rhizomes.

Bridal wreath (spirea) did very well this year, with its masses of white flowers. It kept blooming for a long "honeymoon", but now is saying good-bye until next year. Don't forget to prune it after blooming, so it will have many flowers next year – especially will it be appreciated when the honeymoon is over!

Sometimes I feel sorry for the way we must treat snails. They are very peaceful creatures; I have never yet seen two snails fight with each other. The only time you see two close to each other is when they are in copulation. We have, I know, to bait them, but do not do it with contempt, for they are peaceful beings!

Bring the plant which you are proud of, or the flowers which you have raised, to the Carmel Valley Garden Assn's. Flower Show at Tularcitos School on May 10. You may register your entry on Friday from 7:00 p.m. until 10:00 p.m. and on Saturday morning before 10 a.m. Share your happiness and success with others.

70 Courses at MPC Summer Session

Monterey Peninsula College Summer Session Bulletins, listing seventy courses, are now available at the Administration Building of the college, Dr. Keith Merrill, Dean of Evening and Community Services Programs, announced today.

Registration on campus will be held in the Administration Building Saturday, June 14 from 9 a.m. to 3 p.m. and on Monday, June 16 and Tuesday, June 17 from 9 a.m. to 3 p.m. and 6:30 p.m. to 9 p.m. Classes will start June 16 and run until July 25 for the 6-week courses and August 8 for the 8-week courses.

The summer session is designed for present and beginning college students and 11th and 12th grade high school students who, with approval from their schools, wish to take college courses.

Help for Senior Citizens

Senior citizens of Monterey County are invited to attend an information day Friday, May 16 from 1 to 5 p.m. at the New Monterey Neighborhood Center, Lighthouse Avenue and Dickman.

The Information Day involves such organizations as Social Security, Franchise Tax, Social Welfare, Motor Vehicles, as well as the local agencies serving the aged, coming together at a central location so Seniors can ask questions in an informal setting.

The City of Monterey Recreation Department and the State of California Commission on Aging are co-sponsoring the event, at which 20 agencies serving the aged will have staff members on hand to answer any questions seniors may have.

Musical entertainment will be given during the afternoon.

Valley Restaurants listed in Travel Guide

Four Carmel Valley restaurants have been selected by Mobil Travel Guide for its 1969 quality ratings, three of them for the first time.

The Little European Restaurant, Lou's Casa Carmela, and Rippling River Resort joined Will's Fargo in the listing of eating places. Another eating place, the Thunderbird Book Shop, was included in the listings under "Specialty Spot."

Tom Bottaro, manager of Lou's Casa Carmela and past president of the Carmel Valley Chamber of Commerce, told the Outlook that "it is a fine thing for any restaurant to be included in the Mobil listings, because those people are only influenced by quality. When you're in you know you're pretty good, because you're rated against hundreds of other places. I'd say it's rather unusual – maybe unique – for a community of this size to have this many restaurants listed in the guide."

Mobil Travel Guide is to America what the Guide Michelin is to epicurean France, rating inns, hotels, motels, and restaurants for travelers and detailing prices, facilities and menu specialities.

Menus of the Village's four rated restaurants provide a variety of entrees. Little European features continental dishes by owner-chef Gerhard Anders, Lou's Casa Carmela emphasizes Continental-Italian fare by chef Dino Bertolucci, Rippling River Resort accents its home-cooked walnut bread and desserts, and popular Will's Fargo features a predominantly steak bill of fare, by chef Clifford Washington.

UNDER THE OAKS & AMONG THE CACTI

By Mildred Hattan 659—2468

AMONG THE EIGHTEEN members of the Marines Memorial Club of San Francisco who recently returned from a trip around the world were Col. (USA Ret.) and Mrs. Adolf Friedenthal of Horizon Way.

The Valley Couple flew from San Francisco to Honolulu and from the Islands to Japan where they were joined by former residents of Robles del Rio, Renee and Jerry Fellows for a day of exploring Tokyo. Jerry who managed the Officer's Club at the Naval Post Graduate School, is now at Yokusta, a Navy base near Tokyo. He and Renee are looking forward to a visit from Renee's parents, Col. (Ret.) and Mrs. Frank Blassius of Carmel Hills who are leaving soon for Japan.

Checking the guest register at Hotel Mount Fugi, they found the signatures of Elizabeth's grandfather who stayed there in 1880 and her mother who was also a guest many years ago. Taking a very early bus they went to the top of the sacred mountain which lifted her veil of clouds for the Californians as if verifying her world renowned beauty.

Hong Kong viewed from Victoria Peak where they dined with friends who are in the embassy gave them the feel of San Francisco and they found the moon and the lights made for the most beautiful and exciting city of their trip. At Ocean Center, the largest Shopping Center in Asia, where one may purchase anything without ever going to Hong Kong, they were entertained at a unique restaurant. Attractive girls with tea wagons brought a variety of oriental dishes to the table for the guests' selection. At the end of the meal one is charged for the number of dishes, not their contents! Working elephants and river people in house boats on the River Kwai contrasted with the elaborate temple designs in Thailand. In Nepal, noting the flag at our Embassy at half mast, they learned of the death of former President Eisenhower.

A very primitive country, like a step into the Middle Ages, Elizabeth and Adolf enjoyed the interesting architecture, a combination of French and English constructed of red brick with MANY purple doors and automobiles of the same vibrant hue! Because drugs are legal there, Nepal is filled with American hippies.

They found a real honest to goodness revolution in Pakistan and were told not to leave the hotel, but braved the deserted streets anyway for a tour without incident in a bike drawn rickshaw.

The extreme heat in New Dehli was exhausting, but they enjoyed the red sandstone, visiting Red Fort where they toured a store with exquisite jewels which supplies Gumps, and of course viewed the Taj Mahal at Agra. Highlight of their trip was the Vale of Kashmir where they describe Katphmandu as a "most glorious spot."

Flying over the Himilaya mountains they felt that here at last was truly Shangri-la when they looked down and saw the odd green color of the fields of mustard (used commercially), floating gardens, and valuable forests. They were met at the airport and taken to the river where they were poled across to the house boat staffed with FIVE servants which was to be their home during their stay. Here you remain in complete comfort while merchants, their boats laden with wares, bring their "stores" to you.

It was here that a special audience was arranged for them with the Maharishi Mahesh Yogi, the Guru of the Beatles. Adolf had a few well chosen words to say about the man's possible lack of integrity and refused to attend, but Elizabeth, curious about the cult which has drawn so many show business personalities, heard his discussion on philosophy. He left her with the profound pearl that "meditation is the answer to ALL problems!"

On Easter Sunday they were at the new Tehran Hilton Hotel with its view of snow capped mountains. At the Golestum Palace they viewed the magnificient crown jewels which back up the currency of Iran. In Turkey they visited the famous Blue Mosque, rode on the Bosporus and looked over into Russia, and toured a bazaar which was established 400 years ago.

Athens they described as "a lovely city" and thrilled to the experience of everyone who visits Greece and tours the Acropolis. In London they visited Elizabeth's relatives and spent the most hilarious part of their time in England at the "Thieve's Market." The four block long "rummage sale" included old theatrical costumes which they watched the hippies trying on for just "the right effect!"

Flights via New York, San Francisco, and home in time for the Valley House Tour. That Guru should have known that in the Friedenthal's busy lives there is little time to meditate!

BY MRS. B.C. FORRESTER

What an interesting group of people live in our Valley!

Almost every person has a definitely different taste, in food, in politics, in pattern of living. And most of them have the ability to implement this taste.

For instance, Nora Thompson; Nora is the mother of Mrs. Joyce Quinta, which makes her the mother-in-law of the retired Colonel M.A. Quinta. Nora makes her home with them in their lovely place on the Canada Rancho.

Originally from England, Nora has retained the art of concocting culinary triumphs of England in this far from England land. And they taste just as good here. If you don't know scones, or bannock cakes, you have missed a breakfast treat. The situation can be remedied however, by using Nor's recipe for scones, Scots, without potatoes, Irish, with potatoes:

SCONES

2 cups all purpose flour 1/2 tsp salt
2 tbsp granulated sugar 3 teaspoons baking powder
4 tablespoons shortening (lard) or 1/2 butter 1/2 veg. short.
2/3 cup milk 1 egg
1 cup currants (or raisins)

Sift together flour, salt, sugar and baking powder; rub in the shortening, mix to a soft dough with the milk in which the egg has been beaten. Drop in the currants and stir until thoroughly mixed. Divide the dough into two portions. On floured board roll each portion into a round about 1/2 inch thick. Cut each round across to form four triangular shaped cakes. Brush top of cakes with some of the milk and egg mixture. Bake in 400 degree oven for 10 to 12 minutes, or until light brown on top. Remove, cut each cake in two. Serve with butter or jam while hot. The Irish make the Bannock cakes using 1 cup of mashed potatoes and 1 cup of flour, which gives a distinctive flavor.

TRIFLES

Also from England via Nora are the two following recipes for "Trifles". These sweets are served at the end of dinner in most English homes.

Line the bottom of a glass pie plate with sponge cake fingers (ladyfingers) split in two.
Cover with strawberry jam.
Add a tablespoon or so of sherry or sweet wine.
Pour a soft custard over jam.
If you prefer to serve it hot, slip into oven for a few minutes before topping trifle with whipped cream, or prepared topping ready to serve.

TRIFLE NO. 2

(Pixylated cake or as American's say, Tipsy Cake)

Use sponge cake or ladyfingers to line bottom of baking dish. Make raspberry or strawberry jello, well beaten, spread over sponge cake, scatter chopped nuts on jello. Make wine flavored custard which when cold, pour over jello and nuts. Top with whipped cream or cream topping, dot with silver nonpareils.

An easy recipe for custard sauce to use with the trifles follows:

2 eggs slightly beaten 1/8 tsp salt
3 tbsp sugar 1 cup evaporated milk & 1 cup water
1 tsp vanilla or preferred flavoring

Add salt and sugar to eggs. Heat milk and add to eggs, salt and sugar. Cook in double boiler about 5 minutes or until mixture coats spoon. Serve warm or chilled. Makes 2 cups.

If you prefer a thinner sauce you can use one of the instant custard mixes on the market. These require only the addition of cold water, no cooking is necessary.

ACTION WORKSHOP discussion in preparation for THE GARDEN FAIR to be held May 10th, 11 a.m. – 5 p.m. LaPlaya Hotel, Carmel. Proceeds for All Saints' Day School Scholarship Fund. (Left to right) Tom Allen, Mrs. Howard Allen (standing), David Murphy, Rebecca Paravicini, Bonnie Jean Mills (standing), Deric Wenzler, Mr. Robert Wenzler and Chris Lord.

'Garden Fair' to be held May 10

Enthusiasm is an exciting something! But the enthusiasm of children is contagious. The students of All Saints' Episcopal Day School are no exception.

With high excitement the children have been planting, potting plants, arranging and creating for their annual scholarship fund raising event. Such excitement was contagious to the Parents Organization, Friends and Sponsors of the School.

All are now busily engaged each Wednesday in Action Workshops in preparation for the GARDEN FAIR, to be held at the La Playa Hotel May 10th, 11 a.m. to 5 p.m.

Howard Allen has donated the ground facilities of the La Playa Hotel for the event, Robert N. Wenzler, Landscape Designer, has donated his services as Consultant and Craig Bowen his services as Public Relations Advisor.

Other participants in the GARDEN FAIR are Rudolphs of Monterey, Brinton's, N.B. Flowers, Karen's Kreations & Kapers, Ken Dickens, Lilli Boutique and Troy Hunter, Carmel.

Some Friends and Sponsors are Watson's Nursery, Mr. & Mrs. Lewis Fenton, Mrs. Leland Cagwin, Mr. & Mrs. George Schroeder, Georgia von Richter, and Men's Group of All Saint's Parish.

Green Thumbs, Green Cash and Green Plants are needed for the Workshops, and anyone interested in contributing may call Mrs. Howard Allen, Chairman, at 624-7974 or 624-6476.

Ladies Sodality

The monthly meeting of the Ladies Sodality of Our Lady of Mt. Carmel will be held Tuesday, beginning with Mass at 7:30 p.m. followed by a business meeting and program at 8 p.m.

Mrs. Cacace, teacher of Adult Education at the Mission, will speak on today's Liturgy and how it has evolved from traditions and practices of the early Church. Refreshments will be served following the program.

Our Lady of Mt. Carmel's Second Grade CCD Class under the instruction of Mrs. Carl Reimer, received First Holy Communion on Sunday, April 27 at the 9 a.m. Mass. First Communicants and their families were treated to a light brunch in the Church Hall after the celebration of the Mass.

The Rummage Room at the Catholic Church is re-opened for weekly business with completely new bargains available every Saturday from 10 a.m. to 4 p.m. The church is located on El Caminito, 1/2 block up from the Valley Road.

C.V. Kiwanis

Talented adults and bright students are brought together through the efforts of the Lyceum according to Ralph Arndt, past president of Monterey Peninsula Kiwanis Club, who spoke before the Carmel Valley Club at their luncheon meeting at Rippling River Resort last week.

The brightest students are not always the ones with the highest grades, Arndt said as he told of the program which includes presentations, both within and outside the schools. It is a plan that varies from individual conferences to group lectures, in combination with field trips, laboratory demonstrations, films and discussions.

Since 1960 over 1,500 selected students from kindergarten through grade 14 have participated. Over a hundred leaders in educational and professional fields have donated their services in presenting to and helping these children in a group of twenty or more subjects.

Arndt became involved in the activities of The Lyceum since its inception in 1960 when as Commanding Officer of the Naval Post Graduate School he was asked the use of some of the college's facilities for the program.

He was accompanied by Mrs. John R. Neighbours and Mrs. Lewis L. Fenton, respectively executive secretary and treasurer of The Lyceum.

CLUB ACTIVITIES

C.V. Women's Club

Milady could easily identify with at least one garment modeled at the Carmel Valley Women's Club fashion show and luncheon during the Spring preview of fashions from the Flair shop in Carmel.

With Mrs. Ronald Petree as co-ordinator and Mrs. William Wood as commentator, ladies viewed a selection of styles which would adapt nicely to any busy Valley life. The models included Mmes. Gordon Yates, (club president), Gordon Harlander, Karl Kunz, Ralph Heppe, James Ellis and a charming teenager, Linda Petree.

Mrs. Douglas Forzani and Mrs. James Stewart were co-hostesses for the luncheon which featured many delicious salads. Since "Spring and bonnets" are a natural twosome, one entire wall was decorated with gay sun hats while miniatures adorned tiny hat stands on each table.

Final plans were made for the Fiesta de los Amigos House Tour.

Alliance Francaise

Mrs. Edward Hogan will be hostess for the monthly French Alliance Conversation Tea on Thursday, May 15 at 3 p.m. at Villa Marguitta, Hidden Hills, Los Laureles Grade.

For reservations, please telephone Mrs. Hogan, 373-2081; Mrs. James Hathaway, 373-1138, or Mrs. Sean Flavin, 373-3978.

Sierra Club

The Sierra Club Mayfest will be held Saturday at the Carmel Valley Trail and Saddle Club, when the Ventana chapter will meet for a steak barbecue with conversation and conviviality beginning at 4 p.m.

For those desiring to work up a good appetite for the affair, Doyt Early will lead a hike up to Vasques Knob on Hilltop Ranch starting from the club grounds at 10 a.m. and returning about 4 p.m. Hikers are asked to bring a lunch and water and a change of clothes.

Memories on a 10th Anniversary

By Mrs. Thomas McKiernon

Ten years ago this month, the C.V. Blood Bank was organized and began with a Red Cross luncheon to plan the first C.V. "blood drawing." On the guest list were Mrs. Flora Meyer, Tularcitos Parents' Club; Mrs. Robt. Angell, C.V. Women's Club; Sterling Mummert, Kiwanis Club; Louis Moore, Chamber of Commerce; Jack Loesel Trail and Saddle Club; Mr Ken Sentner; A.L. Bright, C V. Horsemen's Assn.; Mrs Jos. Carter; Mrs. Thos. M Kiernon, Chapel Guild; Mrs Dick McKenzie, Fireman' Auxiliary; Mrs. Cresto Crockett, Community Cente Board; Miss Jean Evans, Al tar Society; Gen. Robt. C Bare, Property Owners Assn and Mrs. Dale Kenyon, Can dlelight Guild.

Ken Sentner, now deceased was the first chairman for th Blood Program in C.V. and was given the job the ne year. In the beginning, ou goal was 50 pints in order make the Bloodmobile visit the Valley worthwhile. Our lo was 21 pints, but we soo built up to around 50 pint At present we hover arou 90 pints and are still strivi for the magic 100 pints.

Of the original donors C.V., people who are sti contributing are: Fred Cape Mrs. Jos. Carter, Raymo W. Danielson, Mrs. Swanso Chip Collins, Charles Ga sel, Louis Gardner, Rev. D Johnson, Mrs. W. Klech, Wa Mauzey and Lou Allaire. Ma of the donors contributed els where long before the Bloo mobile came to C.V.

Vivid in my memory are t people who wanted desperate to give blood but could n because they were over 6 under 18, had an illness, we new mothers; even pregna women sometimes appear the drawings. It was so touc ing on one occasion to refu the donation of a young moth with a six-weeks-old infant her arms and whose husba was in Viet Nam. (Mothe with children less than a ye old may not give blood). O another occasion, twelve pe ple from Big Sur came masse to give blood in t name of a friend who had h a serious accident. There a people who have no one to r place bood in their name, b happily, there are donors w will give blood in the nam of a stranger. Why do peop give blood? For many reaso which I don't know, but it evident they are giving som thing special and it seems give them a very good feeli to be helping others in th way.

There have been momen of excitement. For exampl on one occasion at the Fir house, the sirens scream and the Firemen took off wi great hubbub leaving son very surprised donors. O another occasion, things can to an abrupt halt because t doctor on duty had an eme gency call and had to leav It is a Red Cross regulati that a doctor must be in a tendance at all times.

Being Recruitment Chai man for the Blood Bank ha afforded me an unusual op portunity to serve the com munity in a way that touche many lives. The most hear warming part is the continu ing dedication and enthusias of the donors and volunteer Ordinarily, 22 ladies pla approximately 450 telephon calls to prospective donor There is newspaper and rad publicity, and "reminder cards are mailed to forme donors. All of the work is do by volunteers with the excep tion of 2 or 3 nurses fro the San Jose Blood Bank Head quarters who are paid.

The need for blood is co tinuous. Please come to th Firehouse and help us reac our quota of 100 pints o Thursday, May 15. If you woul like information, my telephon number is 659-2833.

WINNER OF MEDALS: Bonnie Banker of the Cypress Swim Club will perform in exhibition at the "Festival of the Grape" at Rancho Del Monte Country Club Sunday, May 18. The 15-year old Carmel High student won two silver medals at the AAU meet last weekend in Novato.

Bonnie Banker of the Cypress Swim Club won two silver medals at the 1969 Pacific AAU Outdoor Novice synchronized swimming championships held last weekend at the San Marin Club in Novato.

Miss Banker, a 15-year old Carmel High School sophomore recognized as that school's outstanding female athlete, won the medals by placing second in both solo and stunts competition. In both events she was narrowly defeated for first place by Barbara Cooney, a member of the San Francisco Merionettes' "A" team.

Other Cypress contestants in the meet, which drew 104 entries from twelve Northern California clubs, were Kim Pilkenton, who placed 15th in solos and 27th in stunts competition, and Gerri Brandly, who placed 26th in solos and 79th in stunts.

These girls and other members of the Cypress Swim Club may be seen in the Valley on May 18, when they will perform in exhibition at the "Festival of the Grape" to be held at Rancho Del Monte Country Club for the benefit of the Carmel Valley Community Center.

LEE M. MARTIN, 30, a PGA member, has just been appointed Head Golf Professional at the Carmel Valley Golf and Country Club, President and General Manager Ed Haber announces. Martin, a graduate of Ventura College and Los Angeles State College, was Assistant Pro at the Bakersfield Country Club for four years. He was California Collegiate Athletic Association Medal Champion in 1961, and was a member of the varsity golf teams at both Ventura and L.A. State — as well as being a member of the West Team, NCAA, at Purdue in 1961. Martin has played in numerous southern California golf tournaments — his most recent win being the San Joaquin Pro-Am Tournament. In his first round at Carmel Valley Golf Club, Martin shot even par — something very few Pro's accomplish on their first time around the deceptive, lake filled course.

Bridges in valley to be studied further

Repair of two Valley bridges was considered at a meeting of the Monterey County Board of Supervisors in Salinas.

Authorization for County Road Commissioner Bruce Mc Clain to retain a firm of engineers and geologists to investigate foundations of storm - battered bridges on Robinson Canyon Road and Potrero Creek was given the go ahead.

Farm Teams start baseball season

Carmel Valley Little League "Farm" teams began their season last Saturday. The Hornets coached by Mrs. Barbara Ascarate and her assistant Tod Gebhart presently hold a two game lead over the Indians, the Cubs and the Pirates.

The initial game was a 14-0 win by the Cubs over the Pirates, followed by the Hornets winning their first game over the Indians 13-4.

On Monday the Hornets beat the Cubs, 9-2 and the Indians scored a 9-3 win over the Pirates.

Two homers in this game were made by Indians Brad McFarlan and Ron Eldridge.

Valley groups on record against college militants

A firm stand has been taken by Carmel Valley civic and service organizations against various militant groups who prevent the majority of students from obtaining their education on campuses of various institutions at all levels.

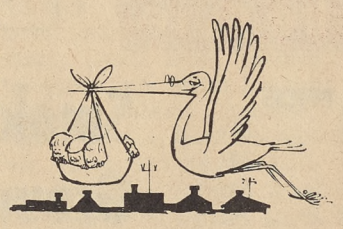
In a letter sent to state and county elected officials, the joint resolution from the Valley groups back public officials, school administrators, and law enforcement personnel who have maintained justice and order on campuses.

Noting that considerable disorder and damage has been caused on campuses it is felt there is not adequate justification for those students who are seeking an education to be hindered by a few who do not adhere to basic restrictions of a free society.

PERSONAL INVOLVEMENT

The local organizations state that they will become personally involved in support of administrators, teachers and students alike who are working out their problems in a lawful and orderly manner.

Signatures of Valley organizations lending their support are presidents of the Chamber of Commerce, Robert L. Kvenild; Lions Club, Lloyd Todd; Commercial Property Owners Association, Thomas O. Verga; Women's Club, Mrs. Gordon Yates; and Kiwanis Club, George Clifford.



Two new Carmel Valley residents arrived at the Community Hospital recently.

Mr. and Mrs. Elridge Paddock of Lower Circle are the parents of a son, Elridge Gerry IV, born April 21.

A daughter, Melissa Lyn, was born to Mr. and Mrs. William Parham, Lupin Lane, April 27.

May 24 picked for annual 'Bay Day' benefit festival

Welcome news to the young, and the young in heart, plans for the ninth annual Bay Day have been announced by the membership of the Carmel Parent Cooperative Nursery.

This year the festivities will take place on Saturday, May 24 from 10:00 a.m. until 2:00 p.m. on the grounds of the Bay School, known by many as the "Little Red Schoolhouse" just south of Carmel on Highway 1.

In keeping with the Bi-centennial year, Bay Day has as its theme "Early California Frontier Days". Those who wish to come in appropriate costume are urged to do so.

A variety of fun and games for the entire family will be offered including the ever popular Indian Trail, fish pond, ring toss, general store and rummage sale, a bake sale and an al fresco luncheon served under the trees. Admission is free. Tickets for the various events and concessions will be sold at the gate.

Bay Day, which is the major fund raising project of the Carmel Parent Cooperative Nursery, is of continuing importance this year in the drive to save the little red schoolhouse.

In compliance with Assembly Bill 450, passed into law during the 1967 Regular Session of the State Legislature, a structural survey of the only school building in the Carmel Unified School District constructed prior to March, 1933, was completed.

As a result of this survey a report was submitted stating that a portion of the Bay School, built in 1879, was not structurally sound enough to withstand an earthquake. As in the past, all proceeds from the Bay Day Carnival will go towards the rehabilitation fund to preserve the little red schoolhouse on Carmel Bay and to make it earthquake proof!

Co-chairmen for this year's event are Mrs. Richard Charles and Mrs. George Neare. Other committee chairmen are Mrs. Harold Price and Mrs. John Pohlemus, posters and flyers; and Mrs. Robert Kaller, publicity. Donations of wearing apparel, books, plants, etc. for the rummage sale are still being accepted.

Anyone wishing to make contributions may call the Bay School mornings (624-4397) or Mmes. Richard Charles (624-9769) or George Neare (624-9597).

Little League snack booth has new look

The "new look" in the L.L. snack booth reflects the good taste, hard work and enthusiasm of the gracious lady who created it.

On opening day, the working gals were greeted by newly painted walls and shelves, candies neaty displayed and equipment ready to go. Everything sparkled in readiness for the first onslaught of Little Leaguers and aficionados.

Little, if any thought will be given to the long hours that were absorbed in cleaning, painting, ordering, stocking and organizing the booth. The profits will help pay for the many things that are needed by Little League during the year and the more efficiently it is managed, the more it will be able to contribute.

So our thanks, Ann Egli, for your sincere interest and a job well done. —Carmel Valley Little League

Study to be made of 'Image' for Valley

Carmel Valley is a most unique area.

It has remarkable scenic beauty, a serene isolation, and is the home of many most interesting people.

Can all of this be reduced to a symbol – or an image? And can its historic and colorful past be used to somehow project and control its future development?

Some in the Valley think it can.

One of them is Tom Bottaro, and last week he was given the go-ahead at a Chamber of Commerce meeting to try to do it.

The subject came up at the Chamber meeting at the Cottage Inn and President Bob Kvenild told Bottaro to "reduce all of your thoughts to writing" so that others could view them, and if possible, agree on a program to guide the Valley's future.

The idea of an "image" had come up at the previous meeting of the Chamber, when a discussion of sign-control was the main topic on the agenda, and Bottaro outlined his views with considerable enthusiasm.

At last week's meeting, Dr. Ed Marcucci pointed out that those ideas should be explored further. He added that at one time Carmel Valley was identified with the theme "Fun in the Sun", but had not held on to this phrase, and since then others have appropriated the theme.

Bottaro pointed out that Carmel Valley has a most colorful history, that it was an identifiable community before Carmel, and that it has something very different to offer.

End of year before Carmel Valley Road is repaired

Carmel Valley people – those living east of Los Laureles Grade – had better get used to a slow trip to Carmel.

They were told last week by Bruce McClain, county road commissioner, that Carmel Valley Road won't be repaired before the end of the year.

The area affected is near Miramonte Road, where the heavy rains in February seriously eroded the main thoroughfare out of the Valley. Washouts undercut the road at two places, reducing traffic to one way (east bound), with west bound traffic detoured up Los Laureles Grade to Miramonte Road, and then west one mile back to Carmel Valley Road.

Earlier estimates were that the road would be repaired in June.

But McClain told a Carmel Valley Chamber of Commerce meeting last week that a more realistic estimate would be the "end of the year" before the road is fixed.

After engineers studied the problem, they raised their original estimate of $100,000 to make permanent repairs up to $600,000.

JOB IS COMPLICATED

And McClain pointed out that it takes time to get the engineering studies completed, to get state and federal approval of the project, and then to actually get the work started and completed.

Part of the extra cost will pay for a new right-of-way. He said that in order to prevent a future washout that the grade will be dropped, the curve changed, stone rip-rap dumped to keep the river from the north bank, pilings and fill added, and drainage from above altered.

McClain in reviewing the history of the road, said that the fill that washed out was installed in 1950, and that the part of the road now in use is the original road.

The delay in getting the road fixed now is due largely to the fact that Monterey County is faced with a monumental road repair program. He set damages to roads in the county at $2-1/2 million, with a total of 82 projects qualifying for state and federal aid. Five of these are on Carmel Valley Road. The Army Corps of Engineers is aiding in 8 of the major projects, including the serious one near Miramonte Road.

CONTROLLED 1-WAY TRAFFIC

A suggestion that the detour on Miramonte Road be discontinued in favor of controlled 1-way traffic on Carmel Valley Road has been discarded, McClain said.

This is done by means of stop lights. He said this is feasible where no detour is available, but that during rush hours it would cause serious traffic congestion, and experience has shown that late-night drivers frequently ignore the controls and the accident rate rises sharply.

OTHER ROADS

McClain also said that Cachagua Road won't be completely restored until next winter – that three jobs on Upper Carmel Valley Road will have to come first.

In answer to a question, he said that the extention of a divided road from the Middle School to Via Petra is now two years away, because of the strain on the county's road budget.

As if he didn't have enough problems, the road commissioner added that his department now has the responsibility for litter control in the county; two trucks now do the job, and another has been authorized.

With a career devoted to medicine, Dr. Tileston was widely known for his articles published in medical journals. He received his medical degree from Harvard followed by a year in Vienna and Gratz doing postgraduate work.

In addition to his wife, he is survived by two sons, Thomas N. Tileston of St. Louis, Mo., and Peter A. Tileston of Manila, P.I.; and a daughter, Mrs. Ann Faunce of Grants Pass, Ore.

Bible Study Group meets at Los Laureles Lodge

A group of people interested in Bible study met at Los Laureles Lodge on Saturday at 3 p.m. for a program planned as the beginning of a regular feature of Carmel Valley activities.

The session was conducted informally and consisted of a written quiz, a brief Bible study on the Apostle Paul's teachings on redeeming grace, and forty colored slides presented by Thomas Hardy, prize winning photographer of Monterey; his subject was "Wild Flowers of the Monterey Peninsula."

Dr. J.J. Short conducted the study and discussion. Harold Clark was in charge.

These programs are sponsored by the Seventh-day Adventists of the Pacific Grove and Salinas churches. The public is cordially invited to attend all future meetings.

Bake Sale Saturday

Home made cakes for Mother's Day will be featured at the bake sale Saturday at 10 a.m. in front of the Carmel Valley General Store.

The Ladies Auxiliary of the Carmel Valley Fire Department will sponsor the sale which will offer many other home made goodies to choose from.

Huge boulder removed, Tassajara open

The removal of a 300-ton boulder was the final step in the re-opening of the Tassajara road.

The job required the rental of contractors' equipment to supplement county forces for dynamiting and removal of the huge stone that measured 20 feet in diameter.

Closed since early winter, the work on re-opening began Feb. 3, but was delayed by periodic heavy rains and snow that caused additional slides and washouts.

Car and tree fires call out Fire Dept.

Two small fires brought out the volunteers of the Carmel Valley Fire Department this past week.

A car belonging to W.H. Pickering backfired and caught fire in front of the Grapevine causing only small damage at 7:19 p.m. last Thursday.

During the windstorm Saturday night, power lines set a Cypress tree afire near West Carmel Valley Road at 9:12 p.m. The tree was on the PG&E right of way.

Garden Tour will be held Monday

Everything is in readiness for Monday's garden tour which is being conducted for the benefit of the Visiting Nurse's Assocation of the Monterey Peninsula.

The tour will visit five gardens in Carmel, and five in Pebble Beach. An optional poolside snack lunch will be served at the Beach and Tennis Club, and a complimentary tea will be served from 2 to 4 p.m. at the home of Mrs. T.A. Work on the 17-Mile Drive.

Directional signs will guide visitors to each garden, and men will be stationed along the route to conduct traffic.

The event is being sponsored by members of the Monterey Peninsula Volunteer Services.

Tickets will be on sale at all gardens and at the Del Monte Property gates on the day of the tour, or tickets may be obtained in advance by applying to Miss Edith Rivett, ticket chairman, P.O. Box 3136, Carmel, 624-7246. The price of the tour is $3.50 for which the entrance fee of $2.50 to the 17 Mile Drive is waived for ticket holders.

Further information may be had by calling Mrs. Wm. F. Pratt, garden tour chairman, at 624-8889.

Real cool Sunday, real warm Monday

Rain is only coming in driblets and the hills are beginning to dry out.

Trash fires must be out by noon, it was announced by Chip Collins, chief of the Carmel Valley Fire Department, concerning the trash burning ordinance which went into effect May 1.

Rainfall this week measured .07 on Sunday bringing the yearly total to 30.24 as compared to last year's 10.94.

A low of 33 degrees was recorded Sunday and a high of 77 degrees Monday.

Review ordinance on hillside lot size

As we go to press, the consideration of a temporary zoning ordinance governing lot sizes on undeveloped hillsides in Carmel Valley is being reviewed by the Monterey County Board of Supervisors.

The interim measure would prohibit building sites of less than 2-1/2 acres.

If the board adopts the ordinance, the matter will be referred to the County Planning Commission and planning staff for the preparation of a permanent ordinance that will be aired at public hearings.

Bird walk to be held Saturday

A bird identification class will be led by Bill Reese when the Monterey Peninsula Audubon Society meets Saturday at 9 a.m. at the junction of the Palo Colorado Road.

The group will proceed up the canyon to Bouchers gap. Birds that will be identified are the black throated gray warbler, the black headed gros beak, and the solitary vireo.

There is no charge for the hike and visitors are welcome.

New officers were elected at an all day meeting at the Will Hatton Ranch on the Salinas Road recently, when the group enjoyed a bird walk and an outdoor picnic.

Elected were William Reese, president; Alan Baldridge, vice president; Mrs. Alan Baldridge, recording secretary; Mrs. E.M. Fagan, corresponding secretary; and Mrs. Aida Link, treasurer.

PRIDE

I wonder how often a man realizes for what he's accomplished or projects begun, that better than winnings or triumphant prizes is when Mother whispers, "I'm proud of you, Son!"

We strive to please bosses, avoid all dissension from neighbors, or beat a competitor's game; but tall is the man who has heard Mother mention, "I'm proud of you, Son." Words sweeter than fame.

"Honor Thy Mother!" We learned it in childhood, not just with words or a gesture or two, but honor by conduct in city or wildwood, so She can say, "Daughter, I'm real proud of you!"

No job or profession can claim to be higher than being a Mother, with daughter or son whose honored achievements fulfill her desire for pride in her children. Yes, Mother, well done!

Someday she will leave us, who loved us so dearly, but while we're still able, both sister and brother, acknowledge her goodness and sing loud and clearly: "Thanks, and God bless you, we're proud of YOU, Mother!"

Institute of Speech Auxiliary to hear family counselor

An expert on family problems, installation of officers and the latest plans for their "Town Hall" lecture series will top the program for the annual spring luncheon meeting of the Monterey Institute of Speech and Hearing Auxiliary on May 15.

Captain Philip Mothersill USN (ret.) of Monterey, who is a licensed counselor on marriage, the family and children, will discuss the dialogue between parent and child at the luncheon session at the La Playa Hotel in Carmel.

Installed as president of the auxiliary will be Mrs. James Parsons, who will succeed Mrs. Edward Weiner. Other new officers to take office will include Mrs. Ted Aronson, vice-president; Mrs. David Kushner, secretary; and treasurer, Mrs. Leonard O. Woltersdorf.

Auxiliary members and guests who attend will also hear latest arrangements for the "Town Hall" lecture series, which will feature five prominent personalities appearing at the Cinema 70 Theatre under the sponsorship of the Auxiliary.

Lady Caradon, wife of Britain's Minister of State for Foreign Affairs, will speak Oct. 10; columnist Russel Baker, Nov. 19; Playwright Robert Lee, Jan 15; actor Vincent Price on Feb. 27; and Richard C. Hottelet, television newscaster, will conclude the series on April 6.

Tickets for the community service project are $15 for the series of five lectures, and proceeds will go toward the building fund for the Institute.

Captain Mothersill, in private practice in Monterey since 1965, has taught at Annapolis, the University of Michigan and the Robert Louis Stevenson School in Pebble Beach. He is an Annapolis graduate and received his master's degree from Stanford University.

His talk to the auxiliary will explain the transactional analysis and group therapy approaches to communications problems between children and parents. The confrontation of both the parent ego and the remaining child role playing in the parent explains much of the dialogue, or lack of it, in the family, says Capt. Mothersill.

Auxiliary members or guests who wish to attend the luncheon meeting can make reservations before May 10 by sending a check for $3 to the Mish Auxiliary in care of Mrs. James Kalber, Rt. #3, 64 Carmel Knolls, Carmel.
